

Instructions for Completing Data Request Regarding Illinois Intrastate Retail Revenue

The form was designed to correspond with the FCC Form 499-A. The instruction that apply to the Form 499-A apply to completing this form with the following exceptions.

1. The revenues to be reported on this form are Illinois Intrastate revenues only.
2. Line 303 is the company representative responsible for providing the information in response to this data request.
3. Line 304 is the telephone number of the company representative responsible for completing this form.
4. Lines 412, 418, 419 and 420 do not apply. Do not report any data.
5. Line 421 is the company's Intrastate Uncollectible revenues included in account 5300 – Uncollectible Revenues.
6. Line 422 – Intrastate Retail Billed Revenues. Enter the subtotal of Lines (404) through (411) and Lines (413) through (417) and Line (421). The total on this line represent net end-user revenues for the purpose of determining contributions to the state universal service fund. The formula for doing this is included in the spreadsheet.

Additional Explanation

1. This form is not being sent to CMRS providers. These lines (Lines 409 and 410) would include mobile revenues, if any, that a certificated carrier would have and report to the FCC.
2. Line 416, Satellite Services, would only be reported if there were intrastate satellite.
